

Environmental Services Centre Mount Barker, South Australia

The **Environmental Services Centre** was created to service the **Mount Barker** district as a permanent facility hub for workshops, events storage and shared amenities. Accessible for all users of the community of **Mount Barker**, the investment of \$1.2M meant a permanent facility was made available for members working on community projects such as repairs & maintenance, as well as job seekers wishing to obtain work experience.

Project Partners:

Client – Mount Barker Council

Architect – Beyond Ink
