

Greenwood Theatre, The University of Melbourne Parkville, Victoria

The University of Melbourne, established in 1853, is ranked 1st in Australia and 31st in the world. The newly constructed Greenwood Theatre (Building 193) located in the Electrical and Electronic Engineering Department of the University. It was built to keep up with the growth of student enrolments and will better serve the next generation of world-leading experts at the Parkville Campus.

Versalux worked together with **M&T Consulting Engineers Pty Ltd** to create an intelligent lighting solution for The University. A minimalistic design with excellent glare control to enhance the higher education space through quality illumination with **INFINITI** linear profile and **PRATO** surface adjustable luminaires.
